TOWN WARRANT.

To the Inhabitants of the Town of Derry, qualified to vote in Town Affairs:

You are hereby instructed to meet at the Adams Memorial Building in said Town on the second Tuesday of March next, at Ten O'clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools maintenance of the poor, for laying out and repairing highways, building and repairing bridges, for the suppression of moths, for the police department and Municipal Court, for hydrant service and electric lights, for salaries of Town officers, for the Board of Health, for expenses of Town Halls, for State and County Tax, and for other necessary charges arising in said Town.

3. To see what sum of money the Town will vote to raise and appropriate for the use of Upton Pos' No. 45 G. A. R., to defray the expenses of Memorial Day.

4. To hear the reports of Agents, auditors, and committee heretofore chosen and pass any vote relating thereto.

5. To see if the Town will vote to raise and appropriate with the provisions of Sec. 4, of Chapter 35

of the Laws of 1905 and any amendments thereto and pass any vote relating to the same.

6. To see if the Town will vote to raise and appropriate a sum of money for the maintenance of trunk line roads, and pass any vote relating thereto.

7. To see what sum of money the Town will vote to raise and appropriate for the use of Derry Public Library and pass any vote relating thereto.

8. To see what sum of money the Town will vote to raise and appropriate for the use of Taylor Library and pass any vote relating thereto.

9. To see what sum of money the Town will vote to raise and appropriate to sprinkle or oil the streets and pass any vote relating thereto.

10. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars in aid of the Derry Visiting Nurse Association, and pass any vote relating thereto.

11. To see what sum of money the Town will vote to raise and appropriate for a sinking fund for the payment of Town bonds and pass any vote relating thereto.

12. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars for the purpose of having band concerts for the public of Derry during the ensuing year and pass any vote relating thereto.

13. To see if the Town will authorize its selectmen to borrow money in anticipation of taxes, on the negotiable notes of the Town and pass any vote relating thereto.

14. To see if the Town will vote to erect a memorial building as a testimonial to the services of sol-

diers and sailors of the Town; to raise and appropriate money for the same and pass any vote relating thereto.

15. To see if the Town will vote to have building laws and appoint a committee to draw up same.

16. To see what sum of money the Town will vote to raise and appropriate for the purpose of co-operating with the State and Federal Government in the control of the white pine blister, and pass any vote relating thereto.

17. To see what action the Town will take in having a "Welcome Home Day" for the Soldiers and Sailors of the World War and appropriate money therefor.

18. To see if the Town will vote to accept the bequest of Two Hundred Dollars for perpetual care of the Leland Lot in East Derry Cemetery as contained in the will of Mary E. Leland, and pass any vote relating thereto.

19. To see if the Town will vote to accept the bequest of land on Birch Street for a playground in accordance with the terms and conditions contained in Item 27 of the will of Harrison Alexander, and pass any vote relating thereto.

20. To see if the Town will vote to accept the several bequests contained in the will of Harrison Alexander relating to Alexander Hospital as set forth in items 24, 25, 26, 28 and 29 of said will and pass any vote relating thereto.

21. To see if the Town will vote to exempt from local taxation for a period of ten years the capital in business of A. B. Fine and pass any vote relating thereto.

22. To see what action the Town will vote to take in regard to raising and appropriating a sum of money

for erecting a bronze memorial tablet to all of the honorably discharged soldiers and sailors of the Town in the World War, to appoint any necessary committee in connection with the same and pass any vote relating thereto.

23. To see if the Town will authorize its water Commissioners to erect a new standpipe, procure land for the same and make necessary improvements at the pumping station and raise and appropriate money for said purposes and pass any vote relating thereto.

24. To see if the Town will vote to issue its bonds for the purpose of carrying into effect any action it may take on the previous article relating to its water works; to fix the kinds and denomination of such bonds the time and place of payment; the rate of interest and the time when such interest shall be paid; the manner of payment; all to be done in accordance with the provisions of Chapter 129 of the Laws of 1917 and any amendments thereto, and pass any vote relating to subject matter of this article.

25. To see if the Town will authorize its Water Commissioners to make an increase in its charges for water services and pass any vote relating thereto.

26. To appoint any necessary committee on any article embraced in this warrant.

Given under our hands and seals this 21st day of February 1920.

 ALBERT B. ROBERTS,
 JAMES F. COBURN,
 GUY F. WHITTEN.

Selectmen of Derry.

Derry N. H., Feb. 14, 1920.

We have this day examined the accounts of the

board of Selectmen for the year ending January 31, 1920, and find them correctly cast with proper vouchers for all orders drawn.

Receipts for year including orders outstanding February 1, 1919, \$154,027.22.

Orders drawn plus orders outstanding February 1, 1919, \$151,724.65.

Balance on hand February 1, 1920, \$2,303.27.

H. L. GRINNELL, Jr

FRANK B. OAKES,

F. M. MCGREGOR,

Auditors .

REPORT OF TAX COLLECTOR.

.....
 In accordance with the advice of the State Tax Commission I submit a statement of the two years previous to the current year.

1917 Levy.

Total Commitment		\$83,897.78
Collected	\$83,062.26	
Abated	835.52	

Total		\$83,897.78
Interest collected	\$370.94.	
Uncollected	None.	

1918 Levy.

Total Commitment		\$88,923.98
Collected	\$88,296.96	
Abated	627.02	

Total		\$88,923.98
Interest Collected	\$550.32	
Uncollected	NONE.	

1919 Levy.

Total Commitment		\$109,617.51
Collected to Feb. 1, 1920	\$91,418.23	
To be col. before July 1st,	\$18,199.28	

Total		\$109,617.51
-------	--	--------------

We have examined the accounts of the Tax Collector and find them correct as above set forth excepting only in the 1918 tax the collector through a clerical error turned over \$8.20 more interest than he actually collected.

FRANK B. OAKES,
 H. L. GRINNELL, Jr.

Auditors.

TRUSTEES.

FIREWARD'S REPORT FOR YEAR ENDING.

FEB. 1, 1920.

During the year the department has answered 43 calls mostly telephone. There were however four fires which promised to be quite destructive but were got at quickly and the damage was comparatively small. All the others were chimney fires. The total loss by fire was \$487.53, the value of property in which these fires occurred \$26,917.15.

In accord with your vote taken at the last annual meeting the firewards caused to be built the road to Beaver Brook south of the Derry Shoe Factory and made a suitable landing on the edge of the brook to set up pumps in case of emergency. Your board saw an opportunity to purchase a steam fire engine. The condition of the machine was so good and the price so small (\$375.00), we thought it good judgement to buy and we hope our act will meet with the approval of the voters.

For the benefit of the taxpayers the firewards have taken an inventory of the property of the district so that you may know just where you stand financially.

We desire at this time to thank the public generally for their hearty support at all times and to thank the members of the department for their ready responses and faithful discharge of duty.

Following is the inventory of the district property:

Inventory.

House and land	\$7,500.00
La France Pumping Engine	9,000.00

Hook and Ladder Truck and Tractor (Loza)	700.00
Ladders and equipment	200.00
Bell	100.00
2 Striking machines	500.00
Switch board and batteries	800.00
3000 feet of hose	1,800.00
Hose wagon	100.00
Sleds	50.00
Trailer for carrying hose	50.00
Lung motor	150.00
Rubber suits for men	200.00
Alarm boxes	975.00
Wire	400.00
6 Tapers	75.00
Whistle	75.00
Steamer	400.00
Furniture	300.00
Tape machine	50.00
Gasoline tank	100.00
8 hand chemicals	125.00

Total	\$23,650.00
-------	-------------

The outstanding debt of the district is as follows:

The Amoskeag Bank of Manchester	
Balance on notes	\$5,600.00
Derry Savings Bank balance on	
notes for switchboard	200.00
Total	\$5,800.00

Respectfully submitted,
 WILLIS F. CHASE,
 GEORGE W. HOISINGTON,
 CHARLES F. GILLISPIE,

Firewards.

REPORT OF BOARD OF HEALTH.

The general sanitary condition of the town the past year has really been very good on the whole, most people looking after their cesspools etc as needed, of course there are a few chronic cases that call for attention from the Board more or less and require a little scolding from time to time.

The first week in May was devoted to clean-up week and the public readily responded to the work. We shall repeat the operation this year.

There were 30 cases of Diphtheria, 9 of Scarlet Fever and one Typhoid, all mild cases and two deaths from Tuberculosis reported during the year.

While this number of Diphtheria and Scarletina is unusually large for the town and it would seem something was wrong somewhere, we have been unable to determine just what the cause was, however other towns in the State have been similarly unfortunate, many having far more cases than we have.

W. R. SANDERS, M. D.

Health Officer.

DERRY WATER WORKS.

Board of Commissioners.

WILLIAM T. MORSE, Term expires January 1, 1921.

L. HENRY BAILEY, Term expires January 1, 1922.

GUSTAVUS H. BEAN, Term expires January 1, 1922.

OFFICERS.

G. H. BEAN, Chairman.

WILLIAM T. MORSE, Clerk of Board.

G. H. BEAN, Superintendent.

CHARLES BARTLETT, Treasurer.

The past year has been one of strenuous times for all kinds of business. Last year we expressed the hope that there would be a downward turn in prices of materials such as are used by this corporation but just the reverse has been the case and the prices of coal, iron, etc., have advanced. Not so much work in the line of extensions has been done as might have been the case had times been easier. We hope the citizens of the town will realize the great need of a larger standpipe for storage purposes and will vote this year to install one. The detailed report of Superintendent Bean which follows covers fully the facts that are of special interest.

G. H. BEAN,

WILLIAM T. MORSE,

L. H. BAILEY,

Commissioners.

To the Board of Water Commissioners:—

I herewith submit the annual report of the Superintendent for the year ending Dec. 31, 1919.

There has been little call for extension this year and 300 feet of six inch pipe on Beacon St. is the only extension to the pipe line that has been made.

Two hydrants have been replaced by new ones, the one on E. Broadway near the Hood Farm and on Fordway near W. Broadway. Auxiliary gates have been placed on two hydrants, eight leaks in service pipes have been repaired and two services relaid. The 1 1-2 inch gate at the foot of Abbott St. has been replaced with a 6 in. gate with the view of placing a hydrant on that street in the near future. All services and street connections under the new road on E. Broadway were renewed to the curb.

The standpipe on Prescott Hill is very much in need of paint both inside and out.

The equipment at the pumping station is in good condition with the exception of the pumps. It would be a better investment for the Town to install a new pump than to try to repair the old one. The repairs on the old pump would cost more than a new electric motor driven centrifugal pump and nearly as much as a steam turbine driven centrifugal pump.

Those who have read the Water Works report in the past will recall that I have repeatedly urged a larger standpipe and a modern pump. The question has not been pressed by me but the need has been growing steadily until it has reached the point where I honestly believe action must be taken.

The increasing cost of fuel, together with the the difficulty of obtaining it; the cost of labor, and perhaps it would be well to say right here that with

our presented limited storage it will be necessary to employ another man at the pumping station, one to pump days and one nights, in order to keep a proper amount of water in the standpipe at all times. This item will amount to quite a sum in a few years and would pay the interest on the necessary new pump.

There is another reason, which of itself is reason enough, for serious thought along this line, and that is the report of the New Hampshire Board of Underwriters of recent date, an inspection of our water system was made by their engineer in July and his report, which follows in full is impartial and unprejudiced based simply on conditions as he found them. With the best interest of the Town at heart I earnestly hope the recommendations made by him will be followed to the letter.

New Hampshire Board of Underwriters.

Concord, N. H.

Feb. 16, 1920

Mr. G. H. Bean,

Superintendent Derry Water Works,

Derry, N. H.

Dear Sir:

On July 18th, 1919 our Engineer made an inspection of your water works system. This inspection consisted of an examination of your pumping plant, standpipe, etc., and also testing the fire flow at different points in your system.

The result of this inspection and test showed very conclusively that your present system will not give your town the proper amount of protection against fire.

It is the opinion of the engineer that additional storage is badly needed and therefore I am submitting

his recommendations which I hope will receive consideration in your town. /

Very truly yours,

E. P. NUTE.

Secretary.

Summary of Hydrant Tests

Location of Hydrant	Pressure on main	Discharge at outlet
East Broadway near Hotel Bradford	62	1240 gal. at 33 lbs. 1150 " at 20 " 222 " at 60 "
High St. corner Beacon	56	740 gal. at 25 lbs. 775 " at 20 "
Fordway near West Broadway	73	1100 gal. at 25 lbs. 1130 " at 20 " 530 " at 60 "
No. Ave., near R. R. Crossing	68	1160 gal. at 16 lb. 1050 " at 20 " 300 " at 60 "
B. Broadway Cor. Boyd Rd.	61	1100 gal. at 32 lbs 1320 " at 20 "
F. Broadway cor. Mt Pleasant	65	800 gal. at 32 lbs 2000 " at 20 lbs 625 " at 60 lbs
No. Main St., near Village P. O	64	1600 gal at 46 lbs 2550 " at 20 lbs 630 " at 60 lbs

NEW HAMPSHIRE BOARD OF UNDERWRITERS.

Concord N. H.

Derry N. H.

RECOMMENDATIONS.

1. A standpipe to be installed on high land off Wyman St., capacity to be not less than 1,000,000 gallons. This standpipe to be of the proper height to be used in conjunction with the present standpipe.

2. Standpipe to be connected to distribution system by at least a 12 inch pipe. This pipe should eventually be extended on Broadway to meet 8 inch pipe at the corner of Maple St. and Broadway, but recommend that with the installation of the standpipe that the 12

inch pipe be laid from standpipe to the corner of Broadway and Fordway.

3. If a 200 gallon electrical centrifugal pump is installed for the purpose of filling the standpipe, the present steam pumps and steam plant to be kept in good condition, and ready for fire duty at all times.

4. A competent man capable of operating the pums to report at pumping station on all alarms of fire.

5. When fires require the use of hydrant streams, the steam pumps to be put in operation as soon as possible.

STATISTICS.

Number of services January 1, 1919, 862.

Number added during the year, 4.

Total number, 866 of which 586 are metered.

Number of meters added during the year, 10.

Numbers of hydrants, 68.

Total number of gallons of water pumped, 69,823,426.

Average number of gallons pumped per day, 191,297.

Largest amount pumped in one day, Dec. 20, 295,054 gallons.

Least amount pumped in one day, March 9, 128,565 gallons.

Largest amount of coal used in one day, June 4, 1,680 lbs.

Least amount of coal used in one day, June 29, 720 lbs.

Number of tons of coal used in 1919, including banking 210.

Average number of gallons pumped per pound of coal, 172.

Average number of pounds of coal used per day for pumping only, 1,119.

REPORT OF TRUSTEES OF DERRY
PUBLIC LIBRARY.

The trustees of the Derry Public Library in presenting their annual report, would especially call attention to, and emphasize the state of the librarian in her report relating to its urgent need of more funds with which to carry on its work, if it is to meet the imperative demands made upon it. We commend that report to the careful reading of all who are at all interested in the affairs of the library.

It should be remembered that we have no endowment, as many other libraries have, but are dependent wholly upon the annual appropriations of the town, which, for a long time have been inadequate. The trustees received no compensation for their services every dollar appropriated, going directly for the purchase of books and periodicals, and the necessary operating expenses. The cost of the former has greatly increased of late, and the faithfulness and efficiency of our librarian, inferior to that of no other in the State, deserves a larger reward than our limited resources have heretofore allowed her to receive, and she could have received had she chosen to accept opportunities for advancement that have come to her from other, and larger places during the last year. The trustees, therefore feel that they are not asking too much in seeking a larger appropriation this year, and trust that the request will be favorably considered by the voters in town meeting.

The more than 2000 present active patrons of the library, we believe, would be glad to testify to its value, and would heartily second any effort to increase its usefulness, or make less difficult its management. It is certainly an institution, "of the people, by the

people, and for the people," and all the people should be interested in its prosperity. The library is proving a valued adjunct to the general educational work of the town, an aid to teachers and pupils, which seems to be appreciated in every grade from the first, in the primary, to the senior, in the academy.

That it continues to retain its hold on the community, is evident, the circulation last year being the largest with one exception, of any year in its history, nearly 40,000 books and magazines. The reading room is also well patronized having a good supply of daily, weekly, and monthly papers.

NELLA F. CALAHAN,
HARRIET D. LOW,
J. H. NICHOLS,
D. J. DUNN,
C. H. CLEMENT,

Trustees.

J. H. Nichols, Chairman.

Harriet D. Low, Secretary and Treasurer.

DERRY PUBLIC LIBRARY.

LIBRARIAN'S REPORT.

To the Trustees of the Derry Public Library:—

The fifteenth annual report of the work of the library for the year ending January 31, 1920 is here presented:—

The library has been open afternoons and evenings every day except Sundays and holidays, the hours being the same as in former years.

CIRCULATION.

The circulation has increased, gaining as much as

was lost last year. The daily average of 122 is next to the largest we have ever had. Books have been sent to three district schools each term and expressions of appreciation have been received from both pupils and teachers.

In September your librarian spoke before the public school teachers, urging a more general use of the library for reference and study also telling what help the library is ready to give them in their schools. The collection of 500 mounted pictures was especially brought to their attention. This resulted in an increase of their use so that nearly twice as many have been loaned during the current year as in the preceding one. Many of the teachers have also taken advantage of the school card and other library privileges.

There have been 292 new books purchased which have not met the demand or equaled the number which should be added each year if our library is to keep abreast of the times. Had we not had a large amount of fines and also drawn on our reserve fund we should not have been able to purchase even this number which shows our urgent need of more money if the library is to be maintained as is desired by our 2000 patrons.

ADVERTISING.

During the year we have had two displays of books in the show windows of stores on the main street. The first one, in the summer, was of vocational books. These were in the window of the Benj. F. Low shoe store. The second was a collection of agricultural books at the C. H. Clement clothing store. Both of these exhibits were followed by calls for the books displayed. Believing that the more ways in which

the attention of the public can be called to the wide range of practical books which can be found at the library the more use will be made of them, the librarian has used all means at hand to further this end. Several thousand lists in the form of book marks have been distributed. These were prepared and furnished by the American Library Association especially for the use of the returned soldiers. All lists were on practical subjects and selected by expert knowledge. While we did not own all the books listed enough were on our shelves to make the use of lists worth while and they were freely distributed to all and also used for a purchasing list. The good resulting from these cannot be known except in a few instances which have come to our attention, but these few make us believe that good has been done and each new and satisfied patron is an advertisement for others.

Newspaper items of work done has kept the library before the public. Bulletin boards and groups of interesting books placed by themselves and labeled have brought the new and desirable books to the attention of the patrons.

PHOTOGRAPHS OF THE SOLDIERS.

Through the kindness and endeavor of M. L. Armstrong, the local photographer, the library has a uniform collection of photographs of 76 of those who served our country in the world war. This collection was first exhibited at the time of the 200th celebration of the settlement of Derry and many expressed their pleasure that such a collection was being made. It is hoped the number will be increased so that Derry will have a complete showing of the service men which in later years will be of even greater interest and value than at the present.

LIBRARY MEETINGS.

Besides the State Library Association at Meredith and local meetings at Nashua and Manchester, your librarian had the rare privilege of attending the American Library Association held at Asbury Park, New Jersey. These were most helpful and inspiring meetings as leaders in the library work from all over the United States were gathered there and many notable people addressed the Association. She wishes to thank the trustees most heartily for the assistance which made this meeting possible also for other favors granted and for the continued support which has been shown her.

TAYLOR LIBRARY.

The work of the library has been performed the past year with a view of accommodating the many patrons, and of carrying out the wishes and purposes of its generous donors. It was the intention of the trustees to enlarge the library room during the year, as the selectmen had given their consent, and the G. A. R. post members had agreed to the alteration in their quarters. By the change the two upper rooms would be united and made into one large room. On account of the meeting of the Chautauqua and the 200th anniversary celebration last summer it was thought best not to undertake the change, but if nothing prevents, we propose to have the work done next summer. The necessary appropriation was made by the town and is still awaiting the order of the library treasurer. If any may know of new books or magazines they would like to see on the library shelves they should make the desire known to the librarian. We regret greatly the resignation of Mr. Saure, one of the trustees, who has held the office of trustee and clerk of the board for a number of years.

SCHOOL BOARD REPORT.

Required annual report of school board to district, stating amount of money needed for support of schools and for statutory requirements (see Laws of 1919, 106:21.)

1. Amount of money required by law (\$3.50 on each \$1000 of the 1920 inventory.)
2. Statement in detail of the additional amount of money required for the support of schools, and payment of statutory obligations for the ensuing fiscal year.

	Elementary Schools	High Schools
I. Budget (School Money.)		
(a) For support of schools (This is school money and may be used for maintaining schools including the purchase of fuel and other supplies, the transportation of pupils and incidental repairs not exceeding 5 per cent of school money.)	\$24,075.00	\$————
(b) For purchase of textbooks and scholars' supplies	\$900.00	\$————
(c) For the purchase of flags and appurtenances	\$25.00	\$————
(d) For the payment of tuitions at high schools and academies		\$1,500.00
(e) Total amount required for above items	\$25,000.00	1,500.00

- (f) Estimate of amount of a
\$5. tax on the 1920 inventory \$16,953.00

II. Requirements to Meet Budget.

- (a) For support of elementary
schools. \$16,953.00

(If the amount required for
elementary schools is more
than the amount of a \$5 tax
the amount of a \$5 tax
should be reported, otherwise
the amount required.)

- (b) For support of high school
or payment of high school
tuitions \$1,500.00

(Ordinarily districts that
support a high school do not
pay tuitions. Both items
might be required.)

Total for support of all
schools (School money.) 18,453.00

III. School Board Report of Assessment Required.

- (1) For the support of schools
and the purchase of required
books, supplies and flags and
payments of high school tui-
tions. 26,500.00

Estimate of \$3.50 tax on 1920
inventory \$————

Estimate of additional sums
needed \$————

- (2) For the payment of the per
capita tax (statutory) \$———— \$1,850.00

- (3) For the payment of debt
(statutory) \$1,000.00

- (4) For the payment of interest
(statutory) \$1,000.00
- (5) For the payment of other
statutory requirements (if any) \$_____

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Town School District:

I submit herewith my annual report as Superintendent of Schools, being the eighth such report that I have had the privilege of making to the Derry School Board.

Since my first report in 1913, some interesting changes have taken place in the schools of Derry. The attendance has increased considerably and the number of teachers has correspondingly increased. One new building has been erected to provide additional room and one new rural building has been built to replace one burned. The work of the grades has undergone somewhat radical changes to conform to the requirements of the new Program of Studies published by the State Department in 1916. Special activities have found a place in our work, such as gardening teaching thrift, Americanization work, nurse inspection. All of these have a very important bearing upon the ultimate results of school work.

Beginning with the present school year, we entered upon an entirely new system of state control. The new school law gives to the State Board of Education very ample powers, which, exercised under the limitations and restrictions imposed by the law itself, will inevitably tend to equalize school privileges and greatly increase the efficiency of the schools. It makes

the local superintendent a state official, and consequently brings the State Department into more intimate relation to the local situation the state over. The establishment of the new order has involved a great amount of entirely new work, and has made it somewhat difficult to give the usual amount of time to the work of supervision. Our supervisory district, now called supervisory union, was enlarged by the addition of Windham. While this added but four small schools, they require a definite amount of attention. The present union includes forty regular teachers in elementary schools, twenty of whom are in widely scattered one-room schools. In addition to this, Pinkerton Academy for the first time has in a measure come under supervision, and more or less time must be given to the work there.

During the year, we have had rather more than the usual number of changes in the teaching force. At the end of the year in June, or during the summer, the following resigned: Miss Smith, Miss Lucy Hunt, Miss Armstrong, Miss Dudley, Miss Palmer, and Miss Devaney. Since the year began in September, the following also have resigned: Miss Lord, Miss Herrick, and Miss Adams. We have been fortunate, in view of the scarcity of teachers, in filling the positions thus made vacant. These changes, however, have emphasized the seriousness of the situation. There is a real and vital problem in the teacher question. The one thing necessary for a good school is a good teacher, and nothing should be left undone to make the teaching professions attractive to our brightest and most capable young people. Otherwise the quality of our teaching will deteriorate, and a lower standard of citizenship in the future will result.

The schools suffered somewhat last year because of the break on account of the Influenza. So much time was lost on this account that it could not all be made up; but teachers and pupils made a splendid effort to the end that the total amount of work for the year should be equal to that of other years and in this effort they were largely successful.

Sixty-one were graduated from the eighth grades in June, 30 from the Oak St., 24 from the Floyd and seven from various rural schools. Altogether too many of these, tempted by the unusually large wages being paid in the shops, dropped out of school at that time. In all probability in most such cases school privileges have ended, or rather the desire to profit by any possible privileges has ceased. This is unfortunate for the child and even more so for the future welfare of the community. The educational equipment of our citizens is a matter of concern to the public as well as to the individual.

The new law requires that any district in which reside or are employed fifteen persons between the ages of 16 and 21 who cannot speak and read the English language, or 20 such persons more than 21 years old, shall maintain an evening school for the instruction of such non-English-speaking persons. It further requires that all persons between the ages of 16 to 21, who cannot read and speak the English language understandingly shall procure a certificate of registration in an evening school before they may be legally employed. It therefore becomes necessary for Derry to maintain an evening school. Last year an evening school was in session for 34 evenings. This was supported partly by contributions from various organizations interested. Acknowledgement was made of these gifts in the report of a year ago, with the ex-

ception of one. A contribution of \$15.00 was received for this purpose from the Woodbury Shoe Co., too late for acknowledgement at that time.

This year the evening school was opened November 10. Two classes were formed. The attendance since has been good. Since the first of January, a number of men entered for assistance in the matter of citizenship, and good interest has been manifested. It is aimed to make the work especially helpful to those desiring to take out naturalization papers. January 16 a large group received their final papers, and on the evening of February 3, a reception was tendered to these and their friends. This was made possible through the co-operation of the Derry Woman's Club, Molly Reid Chapter, D. A. R., and the Parent-Teacher Association.

The School Savings Bank is being successfully continued. During the year, the children have deposited \$1,085.24, and of this amount \$1,039.00 have been transferred to individual bank accounts. The total deposits from the beginning to date have been \$3258.60. At the same time, many, especially of the older children are buying Thrift Stamps. I feel that to teach the children thrift is an important part of our work.

The school gardening is another important activity. It not only may be of very considerable economic value to the child in the future, but it carries with it valuable educational possibilities. I feel that we might profitably give much more emphasis to this work. A very creditable exhibit of garden products was held early in October under the auspices of the Parent-Teacher Association.

The most important innovation of the year has been the introduction of Nurse Inspection. This is now

required by regulation of the State Board of Education. The Red Cross Society of the state volunteered to assist in the matter by providing a nurse for a time to demonstrate the value of such work. Miss Elizabeth H. McCauley, a nurse of much experience, began work under this arrangement early in the year. The physicians of the town have rendered very valuable assistance by their co-operation. They have given time to give each child a physical examination. Drs. Barker, Cogswell, Newell, Tower, Therrien, and Sanders have given generously of their time, and in so doing have rendered a valuable service to the community. I would suggest that hereafter one or more physicians be appointed for this work to be properly compensated for their services. The examinations this year have revealed many defects especially of the teeth and tonsils: while adenoids were found in many cases, and more serious conditions in some. The real benefit of this work will result from getting the defects remedied. The nurse will endeavor to do this by following up the several cases, visiting homes and conferring with the parents. Much has already been accomplished. Miss McCauley has already taken nine children to Manchester to the children's clinic for examination. These were orthopedic cases. Two have since been operated upon. I am confident that very great good is being accomplished, and will be accomplished as time goes on.

The school buildings need immediate attention in order to conform to the requirements of the State Board in the matter of approved buildings, and more particularly that they may be rendered suitable for most efficient service. The lighting, heating and ventilating, and toilet arrangements should be improved in

all the rural school buildings, excepting that at No. 4. Some considerable expenses will be involved in making the needed changes. It may be advisable to temporarily close the school at No. 8, where at present there are but six children,, and transport these children elsewhere. The same thing might be done at No. 6, where the school is equally small. The Oak St. school building should be painted, and much needs to be done on the interior of this building. A special appropriation should be made for these major repairs.

The next important step in the developement of our schools is likely to be the reorganization of the schools on the basis of the six and six plan, or rather a modification of that plan. Already the State Department has fixed minimum standards for the first three grades. When standards have been fixed for the 4th., 5th., and 6th. grades, we shall be ready to reorganize our 7th. and 8th grades as Junior high school. I am confident that this will result in very great improvement in the work of the schools.

The following table of statistics is given for comparison:

	'15	'16	'17	'18	'19
Total enrollment	810	850	882	855	797
Ave. membership	721.1	723.9	759.5	764	714.1
Ave. attendance	676.2	690.9	712.9	722	651.8
Per cent of attendance	93.5	95.44	92.65	94.5	91.24
Cost of teaching per pupil	\$14.18	\$15.00	\$16.33	\$21.15	\$21.42
Cost of supplies per pupil	1.00	1.11	.86	.98	.56

It will be observed that the attendance figures for 1919 are much smaller than for the preceeding years. This was due to changes on account of the war conditions. The numbers have gone back to very nearly normal this year. The percentage of attendance last year was greatly reduced on account of the unusual amount of sickness.

The schools are now doing good work. If no serious interruption occurs, a good year's work will be accomplished. The teachers are working faithfully and excellent spirit prevails. Much credit should be given the teachers for the splendid co-operation that exists throughout the schools.

In conclusion, I wish to thank the members of the Board for their assistance and generous co-operation in all that pertains to the welfare of the schools.

Respectfully submitted,

CHARLES W. CUTTS,

Superintendent of Schools.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the School District in the Town of Derry, qualified to vote in district affairs;

You are hereby notified to meet at the Adams Memorial Building in said district on the 20th. day of March, 1920, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees heretofore chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors, and Committees, in relation to any subject embraced in this Warrant.
7. To see if the District will vote to make any alterations in the report of the School Board recommending the amount of money required for the support of schools and payment of statutory obligations.
8. To see how much money the District will raise and appropriate for the salaries of the School Board and other district officers.
9. To see how much money the District will raise and appropriate for the permanent improvement of school buildings.

10. To transact any other business that may legally come before said meeting.

H. L. GRINNELL, JR.,

W. H. RANNEY,
ARTHUR W. REYNOLDS,
BESSIE B. CLARK.

School Board.

To the Board of Education of Derry Special District, No. 2.

I have the honor to submit herewith my annual report as superintendent of schools.

The year since the last report has been generally satisfactory. At the end of the year in June, Miss Lewis resigned. She had done good work, and her going was a matter of regret. Mrs. Rose C. Learn-

ard was selected to succeed her. We now have two trained and experienced teachers in charge of the rooms and furthermore they are teachers exceedingly interested in the welfare of the schools and of the children. A good teacher is a prime essential of a good school.

Six were graduated from the eighth grade in June and these entered the Academy. Our school has a distinct advantage in being influenced by a healthful school spirit because of being located in a distinctive ly school community. We expect good work to be done in a school thus favorably located.

Considerable garden work was done last year, and it is to be hoped that even more may be done the coming year. This work has a real educational value, and should be encouraged.

A most important innovation made this year has been the introduction of nurse inspection. This is to be required hereafter by regulation of the State Board of Education. To demonstrate the value of this work, the Red Cross Society of the state offered to provide a nurse for a time, and Miss Elizabeth H. McCauley was sent to us under this arrangement. As foundation for her work a physical examination has been given all the children. Dr. Newell generously gave time for this work, and in so doing rendered a very real service to the community.

The nurse will endeavor to secure remedy for such defects as were found by following up the several cases, and conferring with the parents, etc. I am confident that most beneficial results will follow from this work.

The census in September showed the following facts:

Total number between 5 and 16	68
Number between 5 and 8 not in school	2
Number in the Academy	11
Number in elementary school elsewhere	2
Number registered Sept. 30.	52

67

The following facts were reported to the State Department for the year ending August 31..

Total enrollment	62
Average membership	46.01
Average attendance	42.33
Per cent of attendance	92
Number attending Pinkerton Academy	26

The following were on the Roll of Perfect Attendance for the year:

Reta Gilman.	Minnie Stevens.
Charles Emery.	Emily Emery.
Marie Emery.	

The schools are now in good condition and give promise of a good year's work.

In conclusion, I wish to thank the members of the Board for assistance and generous support in all matters pertaining to the schools.

Respectfully submitted,

CHARLES W. CUTTS.

Superintendent of Schools.
